ACCEPTED SYNTHETIC INTERNAL FORMATION RECORD

Parent and holding chain

SHI is Sable Harbor, LLC, a Delaware LLC with Sacramento headquarters. It owns SHIH, a Delaware corporation; SHIH owns Pale Sun and ARU; Pale Sun owns RWH; ARU owns BS&T. Each subsidiary interest is 100%.

Operating boundary

Pale Sun holds its platform investment/payroll; RWH its mine assets, permits, inventory and liabilities. ARU owns reusable logistics assets and BS&T retains rail property, employees and operating books.

Formation precision

SHI founding remains 2016 year precision. SHIH December 2, 2024 and Pale Sun January 13, 2025 are derived fictional formation dates, not registry findings or actual certificate dates.

Authority

Entity creation, material debt/guarantees/security, consequential M&A and material related-party exposures ordinarily go to the Board. No mechanical dollar ladder or investor ordinary-operations veto is invented.

Accounting and record trace

Join entity_id and owner_entity_id before combining books. A management unit or J2 capability is not another legal company; no double posting from organizational displays.

Missing evidence and limits

No government certificate number, tax identifier, actual registry filing or signed operating agreement is provided. SHI federal tax classification remains unresolved outside the industrial acquisition model.
