

SABLE HARBOR — DECISION REGISTER

ADDENDUM — ADVISORY / ATLAS MERIDIAN

Document ID: SH-ADV-ATL-DR-002

Decision date: September 8, 2026

State: LOCKED DIRECTION except rows explicitly marked otherwise

Controlling narrative: [ADVISORY_ATLAS_MERIDIAN_CLOSEOUT_2026-09-08.md](#)

This addendum indexes the September 8 owner-approved Advisory and Atlas Meridian decisions without rewriting earlier dated snapshots.

ID	Decision	State	Canonical result
ADV-101	J2 relationship	LOCKED	Advisory is adjacent to J2, not inside it; J2 is not a commercial feeder
ADV-102	Practice architecture	LOCKED	Intelligence Advisory, Intelligence Capability and Operational Excellence share one common bench
ADV-103	Production model	LOCKED	Matter is unit of production; Frame → Observe → Understand → Intervene → Prove → Transfer → Exit/Remain Reachable
ADV-104	Advisory executive	LOCKED role / OPEN person	Operating business led by a President of Sable Harbor Advisory; individual unresolved
ADV-105	Matter Principal	LOCKED	One non-delegable accountable Matter Principal per matter
ADV-106	Acceptance	LOCKED	Independent Acceptance Principal affirms competence, conflicts, authority, economics, data and no purchased conclusion
ADV-107	Value Office	LOCKED	Independent outcome-baseline and value certification capability
ADV-108	Independent review	LOCKED	Consequential matters receive independent professional challenge without dual command
ADV-109	Conclusion integrity	LOCKED	Client cannot purchase a preferred conclusion
ADV-110	General recruiting	LOCKED	Advisory may recruit externally and aggressively from operating lines
ADV-111	Serving J2 non-solicitation	LOCKED	No recruitment, courtship, pre-negotiation, role reservation, carry discussion or application while serving in J2
ADV-112	Carry population	LOCKED	Carry is reserved to qualifying former J2 professionals; eligibility does not equal allocation
ADV-113	Orientation carry	LOCKED	Full Orientation tour/commission plus one qualifying

ID	Decision	State	Canonical result
	gate		fellowship
ADV-114	Judgment carry gate	LOCKED	Five years Judgment Officer service plus two years actual operating-business service; JAG does not substitute
ADV-115	Contact carry gate	LOCKED	Four years substantive Contact leadership with accountability for people and collection outcomes
ADV-116	Education / J2HQ carry	OPEN	No gate established yet
ADV-117	Carry economics	LOCKED direction / OPEN mechanics	Advisory is highest-upside professional destination; exact pool and instrument mechanics unresolved
ADV-118	Hourly pricing	LOCKED direction	Core Advisory work is not sold by billable hour, seat, junior leverage or token consumption
ADV-119	Matter-value contract	LOCKED direction	Baseline, target, attribution, client obligations, measurement period, fee and dispute mechanics set before substantive work
ADV-120	60/40 default	MODEL_PROPOSED	Working measurable-value default is 60% committed / 40% outcome-variable
ADV-121	Matter-value bands	MODEL_PROPOSED	Working percentage bands and \$150k initial matter minimum established for quoting discipline
ADV-122	Nonfinancial outcomes	LOCKED direction	Capability matters use testable acceptance milestones rather than subjective completion
ADV-123	Atlas continuity economics	LOCKED direction / OPEN prices	Atlas licensing is separate from Advisory matter economics; institutional/value pricing direction
ADV-124	IP transfer boundary	LOCKED	Transfer client capability, not unrelated Sable Harbor crown-jewel IP
ADV-125	Dependency	LOCKED	No intentional dependency where transfer is promised
ATL-101	Atlas organization	LOCKED	Dedicated Atlas team is a product-development organization, not Advisory staffing reserve
ATL-102	Dual product role	LOCKED	Atlas is both commercial client product and Advisory professional substrate
ATL-103	Two-plane architecture	LOCKED direction	Sable Harbor professional plane and client plane; 70/30 is a heuristic, not ownership math
ATL-104	Client portal	LOCKED	Atlas is Advisory's digital client front door for evidence, matter workflow, collaboration and value records
ATL-105	Agent constellations	LOCKED	Problem-specific governed agent constellations with human accountability
ATL-106	Client-ownable derivative	LOCKED	Transferable matters can hand over hardened client-specific agents/workflows without leaking protected firm capability
ATL-107	Commercial modes	LOCKED direction	Tell me / Work with me / Let me do it myself

Supersession effect

ADV - 001 remains controlling historical direction. ADV - 002 is superseded **only where** this addendum now resolves former OPEN structure. The final protectable name, individual President, legal-entity form, exact carry mechanics, Education/J2HQ carry gate and Atlas list pricing remain open.

ATL - 001–ATL - 015 remain controlling product history and lineage. ATL - 101–ATL - 107 define the current organization/commercial-professional architecture and do not retroactively rewrite the bridge period.
