
Resolve a disputed Foundry Field invoice

SH-CASE-FF-01 · Foundry Field business unit · base scenario · 2027

Public learning material. New brief design is draft for exact-file review.

Situation

A term invoice has collections, credits and an uncollected written-off claim. Billing and service revenue follow separate journal events.

Question

What happened to the invoice balance, and which entries support monthly revenue?

Submit

Submit the invoice-to-claim bridge, a billing-versus-revenue explanation and the specific evidence still required before asserting receipt or acceptance.

Scope limit

Public synthetic forecast. The FF-003 selection is not total business-unit revenue. Proposed customer identities and billing terms remain unaccepted.
