

Practice five separate reconciliations

SH-CASE-RECON-01 · January 2027 · base forecast · ARU_GROUP, Atlas Meridian and Willow

Public learning material. New brief design is draft for exact-file review.

Situation

Five selected workpapers cover bank clearing, receivables, payables, debt and one asset. They come from different reporting scopes.

Question

Do each workpaper's selected balances tie, and what stronger evidence is missing?

Open these files

1. Five-reconciliation instructions — Read the scope and evidence limitations for each case.
2. Five-reconciliation working paper — Complete each of the five workpapers in a separate saved copy.
3. Worked explanations — Compare only after completing your calculations.

Submit

Submit five separate reconciliation conclusions with differences and evidence requests. Do not combine these balances into a trial balance or period close.

Scope limit

These are separate exercises. Willow covers FORT-TEST-RIG only. Modeled bank clearing is not a bank-issued statement; zero differences do not establish completeness.
