

ENTERPRISE FACILITY ATLAS

September 2026 · R02 successor to the approved R01 visual baseline

Follow a location to its site, building and independently saved floor drawings.

Four original approved R01 PNGs are embedded unchanged on their own pages. This portable PDF is a derivative publication; it is not an original approved R01 artifact.

Concept layouts do not establish acquisition, construction completion or actual occupancy. Original rc4 geographic context remains preserved.

16 SITE PACKAGES / 17 BUILDINGS / 24 FLOORS

hospitality
- D RESIDENCE**
Cohorts · Visiting faculty

ONE COORDINATED PROGRAM

A 69,984 gross sq ft | B 44,928 gross sq ft | C 30,240 gross sq ft | D 30,240 gross sq ft

175,392 gross sq ft total. A 0.9% increase over the recovered envelope to use consistent floorplates.

362 fitted staff workplaces + 60 residential rooms. Meeting, learning and dining seats are counted separately.

252 drawn parking bays before accessible-bay conversion. Transport demand and event overflow remain to be resolved.

CORPORATE / LEVEL 02

Product engineering and deployment work • One floor shown • North is up

CONCEPT REVIEW / R01

216' OVERALL

THIS FLOOR

112
FITTED WORKSTATIONS
23,328
GROSS SQUARE FEET

STAFF ≠ DESKS

Foundry Field: 160 modeled staff / 80 desks here. Atlas Meridian: 36 modeled staff / 32 desks here.

Desk ratios reflect hybrid work and deployments. They do not reduce either team's headcount.

IN THE SAME BUILDING

L01 Advisory, client reception, visiting workplaces and commons.

L03 Corporate officers, ESS and an independently secured Audit suite.

Stairs, lift and service shafts retain the same coordinates on all three floors.

01 TEAM BOUNDARIES

Shared project rooms support joint work; Atlas stays a dedicated product organization.

02 CAMPUS CONNECTION

Visitors check in on L01. J2 and the teaching/residential precinct have their own entrances.

Blue: Foundry Field / Sage: Atlas Meridian / Sand: shared project rooms

Contact, field-team return and reception • One floor shown • North is up

CONCEPT REVIEW / R01

THIS FLOOR

62

FITTED WORKSTATIONS

22,464

GROSS SQUARE FEET

WORKPLACE ALLOCATION

48 Contact workplaces, including Head and Deputy; 12 JAG touchdown desks; 2 HQ reception/support desks.

JAG remains six five-person teams. Two touchdown desks per team are not a reduction to two-person teams.

UPSTAIRS / LEVEL 02

30 Judgment + 16 Orientation + 22 J2 HQ desks. Total building fit-out: 130 workplaces.

237 authorized J2 billets include Education's 35 in C. Actual occupied staff by arm are not recorded.

01 VISITOR PATH

Reception and interview rooms sit before the staff boundary. Visitors do not cross a Contact studio.

02 INSTITUTIONAL SEPARATION

J2 has its own building and reception. Education is nearby; ESS and Internal Audit remain separate.

EDUCATION / LEVEL 01

CONCEPT REVIEW / R01

Teaching, convening and shared hospitality • One floor shown • North is up

HALL SEATS

2 × 24
CLASSROOM SEATS

80
DINING SEATS

ONE EDUCATION ARM

35 authorized Education billets, already within J2. Four workplaces here + 28 upstairs = 32 fitted desks.

L02 houses faculty, case design, breakout rooms and executive / board simulations.

RESIDENTIAL COURT / D

60 rooms in a separate quiet building on the same campus: 48 cohort rooms + 12 faculty / visitor rooms.

120 day learners is the planning attendance cap. Room seats are alternative teaching configurations, not extra staff.

01 SHARED HOSPITALITY
One production kitchen serves C and the corporate commons; 160 dining seats across the two buildings.

02 QUIET RESIDENTIAL EDGE
Residential arrivals and teaching arrivals use separate doors. The residence is a short walk across its own court.

ONE COORDINATED PROGRAM

A 69,984 gross sq ft | B 44,928 gross sq ft | C 30,240 gross sq ft | D 30,240 gross sq ft

175,392 gross sq ft total across ten floors. R02 continues the approved R01 composition and floorplates.

362 fitted staff workplaces + 60 residential rooms. Meeting, learning and dining seats are counted separately.

252 drawn parking bays before accessible-bay conversion. Transport demand and event overflow remain to be resolved.

SH-SITE-0001 / SH-MAP-SAC-002

840' x 600' / 11.57-acre fictional study envelope / No actual parcel selected

CAMPUS / STATUS AND CAPACITY

September 2026 evidence state • Planning horizons are not completion dates

CONCEPT REVIEW / R02

01 R01 VISUAL BASELINE

APPROVED VISUAL REFERENCE

Four buildings, ten floors, 362 workplaces and 60 single rooms. Approval records a planning design, not land tenure or construction.

02 R02 SOURCE AND FLOOR EXTENSIONS

MODELLED DESIGN EXTENSION

Retain the approved master and three reference floors. Seven other floors are explicitly modelled design extensions with fixed stacked cores.

03 PARCEL AND ENGINEERING

UNESTABLISHED

Supported parcel, tenure, utilities, accessibility, transport demand and civil/structural/fire engineering remain unresolved.

04 PROCUREMENT, CONSTRUCTION AND OCCUPANCY

UNESTABLISHED

No procurement, permit, construction, fit-out or occupancy date is asserted. Execution requires supported decisions and technical approvals.

05 2031 AND 2036 CAPACITY REVIEW

CONDITIONAL HOLD FLAT CAPACITY

Both planning horizons retain 362 fitted workplaces and 60 rooms. Future workforce growth and additional floor capacity are unknown; no future construction is implied.

SOURCE-BOUND STATUS

R01 approved the drawing system and campus planning baseline. R02 extends the remaining floors and publication system. Neither approval is a land purchase, building permit, staffing authorization or completed construction record.

Actual dates remain null until supported. Growth horizons reserve choices; capacity changes require a source-based successor and transport/engineering review.

SH-SITE-0001 / SEPTEMBER 2026 / NO CONSTRUCTION COMPLETION ASSERTED

CORPORATE / BUILDING PROGRAM

Coordinated floor stack • Same footprint and fixed service cores

CONCEPT REVIEW / R02

L03 / CORPORATE OFFICERS / ESS / INDEPENDENT INTERNAL AUDIT

23,328 gross sq ft / 48 workplaces / 48 planned peak

Finance • People and Culture • Legal / Compliance / Risk • Procurement / Facilities / Quality • Corporate officers and executive operations • Independent Internal Audit suite • Technology / Security / Resilience

L02 / PRODUCT ENGINEERING AND DEPLOYMENT

23,328 gross sq ft / 112 workplaces / 112 planned peak

Foundry Field west studio • Foundry Field south studio • Atlas Meridian product development

L01 / ADVISORY / CLIENT RECEPTION / CORPORATE COMMONS

23,328 gross sq ft / 40 workplaces / 52 planned peak

Advisory common bench • Corporate commons / 80 dining seats • Client reception and hospitality • Visiting workplaces

PROGRAM

3 floors / 69,984 gross sq ft. Staff workplaces, training, meeting, dining and residence remain separate capacities.

STRUCTURE / SERVICES

Coordinated concept structural planning grid; exact member sizes and loads unengineered. Fixed stairs, lifts, risers and wet cores preserved on every level.

CORE COORDINATION

Explicit R01-based north-up core geometry; no automatic end-core overlay. All floor areas partition into rooms, fixed cores and circulation.

SEPTEMBER 2026

Concept design only. Parcel, tenure, permit, construction and occupancy evidence remain separate. No completed facility is asserted.

01 ONE BUILDING

Floorplates and service shafts align vertically. Detailed engineering and fire strategy remain coordinated design dependencies.

SH-SITE-0001-A / LOCAL CONCEPT STACK / NOT TO SCALE

Operating context and local planning envelope • Reference north is up

CONCEPT REVIEW / R02

SITE PROGRAM

STATUS

SYNTHETIC OPERATING

PRECISION

Local concept envelope, not a surveyed parcel or installed equipment record.

DEPENDENCIES

Heavy-haul staging established; no enclosed building supplied. Mechanic allocation does not establish an additional workshop building.

SH-IND-FAC-RAW-TRUCK / SH-MAP-ARU-039

RAWLINS WAREHOUSE

Operating context and local planning envelope • Reference north is up

CONCEPT REVIEW / R02

SITE PROGRAM

B01 / Rawlins warehouse
1 levels; 6,968 m² concept gross area.

STATUS
SYNTHETIC OPERATING

PRECISION
Local concept envelope, not a surveyed parcel or installed equipment record.

DEPENDENCIES
Original industrial source geometry and engineering constraints control.; Pedestrian routes segregated from rail movements, truck reversing and handling.; No expansion beyond source operating capacity; utilities/fire/containment design unresolved.

SH-IND-FAC-RAW-WAREHOUSE / SH-MAP-ARU-036

RAWLINS WAREHOUSE / BUILDING PROGRAM

Coordinated floor stack • Same footprint and fixed service cores

CONCEPT REVIEW / R02

L01 / RAWLINS WAREHOUSE — GROUND LEVEL

75,000 gross sq ft / 1 workplaces / 4 planned peak

Pallet storage zone · Receiving and quarantine · Order assembly and dispatch · Customer support · Welfare reserve · Protected MHE service reserve

PROGRAM

1 floors / 75,000 gross sq ft. Staff workplaces, training, meeting, dining and residence remain separate capacities.

STRUCTURE / SERVICES

Illustrative multi-bay warehouse roof/column grid; racking height, aisle/rack geometry and fire strategy unresolved, not drawn as installed equipment.

CORE COORDINATION

Single level with direct perimeter exits; wet/service zone reserved in support band. No automatic office core. Floor level/accessibility and rated egress design unverified.

SEPTEMBER 2026

Concept design only. Parcel, tenure, permit, construction and occupancy evidence remain separate. No completed facility is asserted.

01 ONE BUILDING

Floorplates and service shafts align vertically. Detailed engineering and fire strategy remain coordinated design dependencies.

SH-IND-FAC-RAW-WAREHOUSE-B01 / LOCAL CONCEPT STACK / NOT TO SCALE

Room entries connect to shared or controlled circulation; vertical cores are coordinated across the building.

02 PLANNING BOUNDARY

Local concept geometry preserves current functions. Occupancy, construction, engineering and exact parcel evidence remain separately governed.

Blue: operational work / Sage: secondary program / Sand: shared and visitor areas

MATERIAL RECEIPT AND OUTBOUND LOGISTICS / BUILDING PROGRAM

CONCEPT REVIEW / R02

Coordinated floor stack • Same footprint and fixed service cores

L01 / SEGREGATED CUSTODY, RELEASE AND DISPATCH

9,300 gross sq ft / 2 workplaces / 4 planned peak

Receipt, identification and held lots · Controlled intermediate storage · Released product and outbound staging · Logistics and custody records

PROGRAM

1 floors / 9,300 gross sq ft. Staff workplaces, training, meeting, dining and residence remain separate capacities.

STRUCTURE / SERVICES

Concept steel frame on 6 m bay grid; industrial roof spans, lifting capacity, slab loading and foundations require engineering. No installed lifting plant asserted.

CORE COORDINATION

Two independent end exit/service bays; 3 m central circulation separates personnel from process rooms. Wet, ventilation and utility zones remain outside material handling. No classified process or hazardous inventory assumed.

SEPTEMBER 2026

Concept design only. Parcel, tenure, permit, construction and occupancy evidence remain separate. No completed facility is asserted.

01 ONE BUILDING

Floorplates and service shafts align vertically. Detailed engineering and fire strategy remain coordinated design dependencies.

SH-SITE-0005-B04 / LOCAL CONCEPT STACK / NOT TO SCALE

MATERIAL RECEIPT AND OUTBOUND LOGISTICS / LEVEL 01

Segregated custody, release and dispatch • One floor shown • North is up

CONCEPT REVIEW / R02

SH-SITE-0005-B04-L01 / SH-MAP-CRD-028

THIS FLOOR

2

FITTED WORKPLACES

9,300

GROSS SQUARE FEET

PEOPLE / CAPACITY

Planned concurrent load: 4. Fitted workplaces, meeting seats, learners and residents are separate measures; actual occupancy remains unestablished.

COORDINATED BUILDING

1 levels use the same footprint and aligned service/core positions. Rooms are local concept allocations, not an as-built survey.

ACCESS AND STATUS

Access follows the sourced circulation and room classification. Geometry, services and final code review remain design dependencies.

01 COORDINATED ACCESS

Room entries connect to shared or controlled circulation; vertical cores are coordinated across the building.

02 PLANNING BOUNDARY

Local concept geometry preserves current functions. Occupancy, construction, engineering and exact parcel evidence remain separately governed.

Blue: operational work / Sage: secondary program / Sand: shared and visitor areas

RED WASH SURFACE STUDY ENVELOPE

Operating context and local planning envelope • Reference north is up

CONCEPT REVIEW / R02

SITE PROGRAM

STATUS
PRELIMINARY ENGINEERING PROPOSAL

PRECISION
Local concept envelope, not a surveyed parcel or installed equipment record.

DEPENDENCIES
Occupied mine building inventory and technical geometry remain unresolved. Preserve mine operating anchor and receiving subsite; no unsupported floors, underground works or process equipment fabricated.

SH-SITE-0006 / SH-MAP-RWM-021

Planning envelope / Reference north / Geometry and tenure status remain separate

Geographic framework

Named constraints are recorded. Search-envelope vertices remain implementation proposals.

GOVERNED FRAMEWORK / SITE ENGINEERING IN PROGRESS

SACRAMENTO

HQ: Railyards / River District seam | EPSG:26910

FAIRMONT AREA

Bedford: Cradle development / upgrading center | EPSG:26917

PITTSBURGH

The Fort / Klein lineage: GEO-C002 | EPSG:26917

WYOMING

Red Wash / Taylor / Wamsutter: approved addendum | EPSG:26913

Corporate geographic census

Operating geography, study areas and historical context are distinct records.

CITY / REGION SCALE / NOT AN OWNED-PROPERTY INVENTORY

REGISTERED, UNLOCATED

J2 Education campus • J2 accommodation • Alexandria hosting • early railway alignments
Cradle host parcels • historical offices • provisional Reno / Elko / Tucson offices

INTERNATIONAL HISTORY

2022: Sar-e-Sang / Badakhshan, Afghanistan
2024: South Australia; Mole Creek / Deloraine, Tasmania

Red Wash / Sweetwater County

Approved fictional mine anchor: 42.22 N / 108.18 W. Full site and access geometry are separate work.

CURRENT GOVERNING ADDENDUM / CARBON COUNTY PIN SUPERSEDED

CONTROLLING DECISION

The approved addendum locates this fictional underground uranium mine in the Great Divide Basin / Red Desert, Sweetwater County, north of Wamsutter.

ANCHOR PRECISION

The coordinate is a fictional mapping control. It is not a real mine identity, surveyed portal or property boundary.

TAYLOR AND BS&T

Taylor replaces the former town name and serves as the fictional railway operating hub. Approved service uses Taylor transload and truck last mile. No mine spur is included.

PRESERVED HISTORY

The original Carbon County artwork and earlier derivatives are retained as superseded evidence. They no longer control current geography.

Sacramento headquarters

Railyards / River District seam; fictional campus envelope still to be selected.

STUDY GEOGRAPHY / EXACT SITE AND PROPERTY INTEREST UNRESOLVED

LOCKED DIRECTION

Sacramento headquarters with an advanced research and industrial institutional character.

WORKING SCALE

8-15 acres. The hatched area is a district search window, not that campus footprint.

REAL CONSTRAINTS

Rail corridors, local streets, river setting and an active redevelopment district. Public data does not convey real parcel title.

SITE WORK REMAINING

Screen current parcels, occupied facilities, planned projects, levee/flood context and access before selecting a footprint.

- Analyst search envelope
- Disputed source geography
- Real railroad reference
- Highway / road reference
- Hydrography reference

The Fort / Willow

Pittsburgh industrial compound; Klein's earlier shop history is separately preserved.

STUDY GEOGRAPHY / EXACT SITE AND PROPERTY INTEREST UNRESOLVED

LOCKED SITE CONCEPT

10-20 acres. Big Shed: research and laboratory. Small Shed: administration and temporary lodging.

OPERATIONAL GROUNDS

White Shed: controlled intake, storage and quarantine. The Museum: working yards and retained industrial artifacts.

HISTORICAL PRECISION

Klein's earlier shop was outside Pittsburgh. Exact Fort parcel and occupancy continuity are not established; GEO-C002 remains narrow.

REAL-SITE BOUNDARY

Hazelwood is retained as a study district. No real tenant, parcel, lease, or development is claimed.

- Analyst search envelope
- Disputed source geography
- Real railroad reference
- Highway / road reference
- Hydrography reference

Bedford / Cradle

Fairmont-area development, integration and upgrading center; separate from field deployments.

STUDY GEOGRAPHY / EXACT SITE AND PROPERTY INTEREST UNRESOLVED

LOCKED DIRECTION

Bedford: a fictional 15-20 acre redeveloped industrial brownfield near Fairmont in north-central West Virginia.

DISTINCT FIELD HOSTS

Demotte: north-central WV AMD treatment host. Kelly Gang Mining: Tasmanian Stream 17 host. Neither is the Bedford center.

SUPERSESSION

Belle / Kanawha was an earlier site proposal. It is preserved as editorial history, not current Cradle geography or a relocation event.

IMPLEMENTATION REMAINING

Exact parcel, industrial access, utilities and brownfield constraints. Dedicated rail or barge access is not selected.

- Analyst search envelope
- Disputed source geography
- Real railroad reference
- Highway / road reference
- Hydrography reference

Wamsutter interchange study

Real railroad context for a accepted fictional interface; real UP geometry remains reference only.

STUDY GEOGRAPHY / EXACT SITE AND PROPERTY INTEREST UNRESOLVED

REAL HOST CORRIDOR

FRA rail records around Wamsutter identify UP ownership. The reference geometry remains Union Pacific infrastructure.

FICTIONAL SCOPE

Accepted case: Wamsutter connection, 18-acre envelope and synthetic interchange agreement; no actual UP rights.

HISTORICAL BOUNDARY

All 2025 mine movements remain external-carrier. The later mine interface is truck-only.

NEXT ENGINEERING GATE

Candidate A and January 7 acquisition are settled. Survey and real land/operating rights are not certified.

- Analyst search envelope
- Disputed source geography
- Real railroad reference
- Highway / road reference
- Hydrography reference

Open geographic questions

Source conflicts and unknown physical locations remain visible, without invented pins.

DECISION REVIEW / INITIAL PROGRAM INCOMPLETE

GEO-C003 / ENGINEERING GATES — WYOMING

RED WASH AND BS&T

The mine anchor and Taylor name are approved. ARU closes on 07 Jan 2026. Taylor hub and truck last mile are approved; no mine spur. Current industrial sources supply 40 rail miles, two branches and nine-mile truck access. Final survey and early historical alignments remain separate.

GEO-C002 — PITTSBURGH

KLEIN AND WILLOW

The Fort and its shed functions are locked. The historical outside-Pittsburgh Klein shop remains unlocated. Same-site continuity or relocation to Hazelwood is not established.

UNLOCATED REGISTER

J2 campus / historical offices / early railway / Cradle host parcels / exact Blackridge site

Red Wash / surface site study

Functional planning zones around the approved fictional control anchor; no surveyed portal or property boundary.

PROPOSED SITE GEOMETRY / GOVERNING ANCHOR LOCKED

GEOGRAPHIC CORRECTION

Sweetwater County / Great Divide Basin / Red Desert; anchor 42.22 N, 108.18 W. The prior Carbon County image geography is superseded.

SURFACE ENVELOPE

A 1,000 by 800 m phase-one planning window, about 198 acres. It is not the old scenario's property or disturbance acreage and is not a lease boundary.

ZONE PURPOSE

Processing, administration/workshops, water management and portal siting zones organize further study. Their dimensions are analyst proposals, not recovered image coordinates.

ENGINEERING REMAINING

Geology at the new anchor, decline/portal position, process design, waste facilities, setbacks, access, truck access from Taylor, utilities and legal land interests remain open.

BS&T / pre-acquisition case

Candidate A / two external-customer branches / Taylor transload / truck-only Red Wash access

ACCEPTED SYNTHETIC CASE / NO SURVEY OR REAL LAND-RIGHTS CLAIM

TEMPORAL CUT

06 Jan 2026, before SHIH acquired ARU on 07 Jan. Current track is the accepted case reconstruction, with explicit synthetic opening dates.

HISTORY RETAINED

1898 coal origin; 1954 rescue; 1968 Taylor mainline; 1972 East Materials; 1986 Mineral Transfer; ARU parent from 1991.

NO BACKFILL

1898 alignment and the surviving 14-16 miles in 1954 remain unlocated. Modern 40-mile geometry is not a measured early railway.

MINE SEPARATION

Red Wash is outside ARU. All 2025 mine movements remain external-carrier. The 2026 inbound interface and receiving facility are not shown as pre-acquisition operation.

BS&T / accepted case geography

Candidate A / two external-customer branches / Taylor transload / truck-only Red Wash access

ACCEPTED SYNTHETIC CASE / NO SURVEY OR REAL LAND-RIGHTS CLAIM

MEASURED SYSTEM

33.3485 mainline miles + 4.0000 East Materials + 2.6515 Mineral Transfer = 40.0000 route-miles. Yard tracks excluded.

MINE INTERFACE

Nine-mile modeled truck-only road. No mine rail spur. Uranium custody remains OPEN_GATED; inbound logistics does not approve outbound uranium transport.

IMPORTED ESTATE

12 facilities, 31 track-register segments, 26 structures. Geometry and roles derive from the accepted industrial source, including the Rawlins truck-served estate.

ENGINEERING LIMITS

Screening geometry, synthetic structures and source dates do not certify survey, load rating, land title or a real UP operating agreement.

COVERAGE DISPOSITIONS

SH-SITE-0001 | Sacramento headquarters campus | constrained
Integrated campus concept required; study envelope is not a property claim.

SH-SITE-0002 | Klein historical Pittsburgh-area shop | historical
Historical/former/killed asset; retain history without asserting present occupancy or inventing historic geometry.

SH-SITE-0003 | The Fort — Willow industrial compound | constrained
Integrated campus concept required; study envelope is not a property claim.

SH-SITE-0004 | Emberline Charleston program geography | historical
Historical/former/killed asset; retain history without asserting present occupancy or inventing historic geometry.

SH-SITE-0005 | Bedford — Cradle recovery-development center | constrained
Operating site/envelope requires context and site program; buildings must be separately modelled where program supports them.

SH-SITE-0006 | Red Wash Mine | locked
Operating site/envelope requires context and site program; buildings must be separately modelled where program supports them.

SH-SITE-0007 | Taylor — BS&T industrial town and operating hub | locked_derived_implementation
Operating site/envelope requires context and site program; buildings must be separately modelled where program supports them.

SH-SITE-0008 | Wamsutter fictional interchange | locked_derived_implementation
Operating site/envelope requires context and site program; buildings must be separately modelled where program supports them.

SH-SITE-0009 | Blackridge Mine | constrained
Operating site/envelope requires context and site program; buildings must be separately modelled where program supports them.

SH-SITE-0010 | Forty-Seven Names customer operation | external
Host/customer retains property and operating authority; only permitted context and bounded intervention are represented.

SH-SITE-0011 | Reno provisional office | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.

COVERAGE DISPOSITIONS

SH-SITE-0012 | Elko provisional field office | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.

SH-SITE-0013 | Tucson provisional engineering office | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.

SH-SITE-0014 | J2 Education residential campus and conference center | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.

SH-SITE-0015 | J2 headquarters physical accommodation | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.

SH-SITE-0016 | Alexandria physical hosting | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.

SH-SITE-0017 | Foundry/Foundry Field dedicated footprint | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.

SH-SITE-0018 | Atlas Meridian dedicated footprint | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.

SH-SITE-0019 | Advisory project hubs/offices | unresolved
Location, dedicated footprint or implementation remains proposed/unresolved; labeled planning disposition preserves the record without claiming occupancy.
