

Current source and financial-release crosswalk

Document ID: SH-BIZ-SOURCES-001

Version: 1.0.0

As of: September 9, 2026

Owner: Repository maintenance / Finance

State: CURRENT SOURCE SYNTHESIS

Topic	Current authority	Historical or limited representation	Treatment
Corporate name and current decisions	v0.3.1 lore; September 6 closeout; board v1.0.1	finance-pinned v0.3 lore/base decision register/board v1.0.0	Preserve frozen bytes; later sources control current reading.
Industrial entities and ownership	September 5 industrial closeout; industrial/source/entities.json	generic earlier legal OPEN lists	Narrow remaining issue #18; RWH is Red Wash Mining, LLC.
Industrial economics	industrial/planning v2 and its source/assumption registers	accepted v1 transaction/operating package and v0.1 finance slices	Preserve each release; import with explicit replacement scope.
Cradle rights, streams and Bedford	September 6 Cradle closeout and later host identity decisions	v0.1 generic recovery example	Quantitative successor implements settled direction; rates and chemistry remain scenarios.
Willow and Klein	September 6 Willow closeout, September 7 Klein identity, Willow/Klein finance model	historical Evalon naming and generic research sample	Klein is historical; Willow is an internal cost center.
Advisory and Atlas commercial relationship	September 9 scoped direction and existing corporate lore	old time-based Advisory sample and incomplete recovered practice discussion	Outcome billing in successor; no invented practice names.
Internal assurance and J2	September 3 HQ closeout; J2 establishment; current authority map	foundation index's old provisional assurance choice	Establishment and independence settled; occupied/payroll model separate.
SHMS	SABLE_HARBOR_MANAGEMENT_SYSTEM.md	superseded framework and next-workstream language	SHMS is locked; intervention/incubation detail remains scoped design work.
PR #9 / PR	accepted finance platform and PR13 reconciliation	September 3 backlog	#9 merged; #13

Topic	Current authority	Historical or limited representation	Treatment
#13	closeout		closed as reconciled through #93.
Geography	PR #105 and geospatial program closeout matrix	superseded Geo drafts and approximate historical placement	Do not reopen the accepted topology; #106–108 retain specific evidence gaps.

The [development review](#) supplies commit-pinned evidence for each finding. Current paths are intentional living references; release manifests supply immutable hashes. A publication or modeled value does not override the source's fact state. Remaining OPEN facts are not permission to invent a convenient answer.
