

HQ / OPERATING CENTER

Sacramento, California
Organizational home

BUSINESS

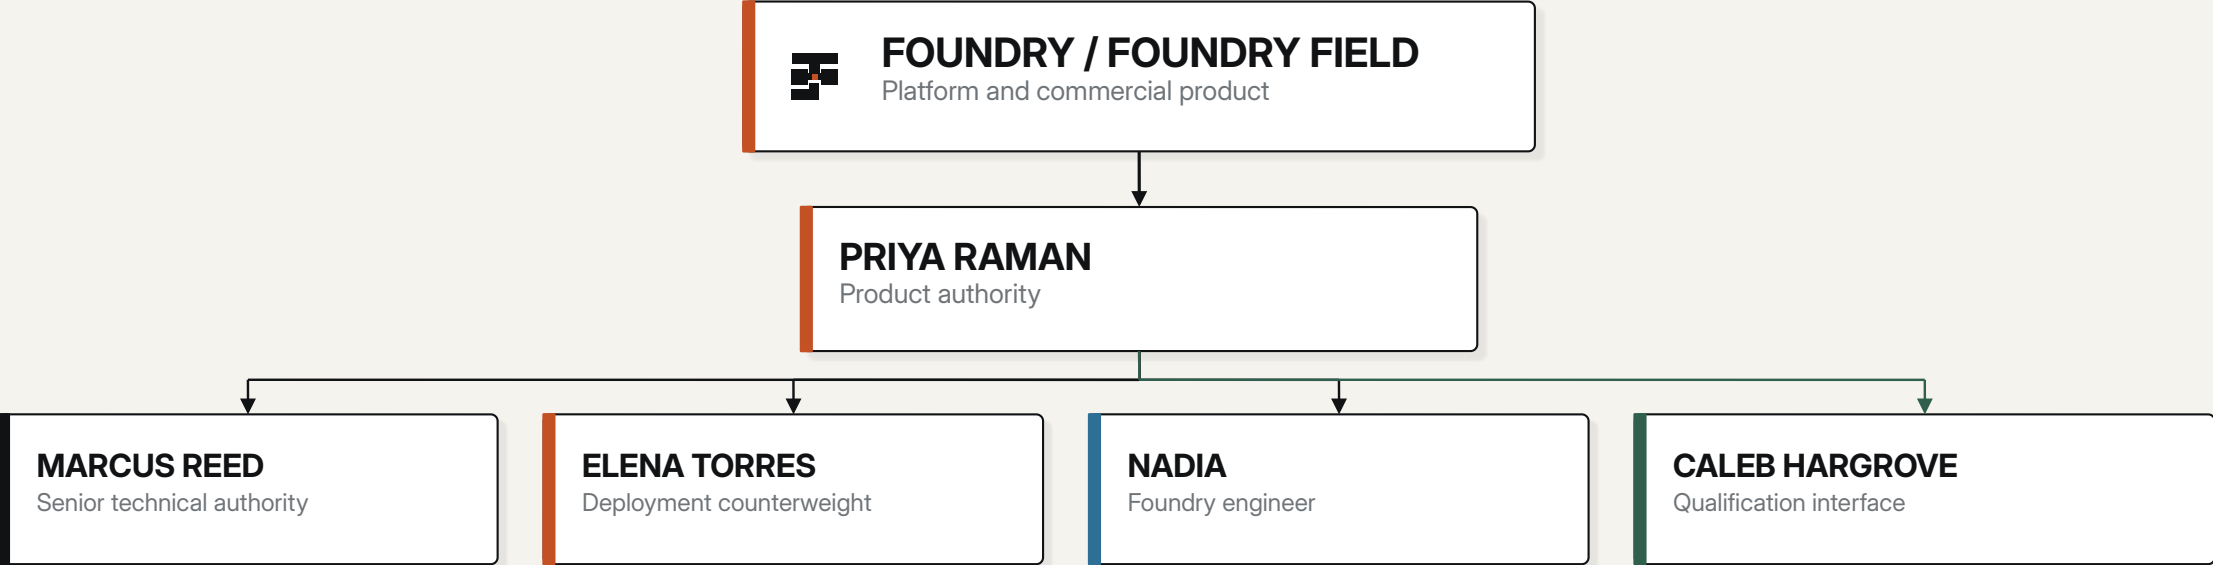

Foundry is the relationship-and-meaning substrate. Foundry Field is the deployable operational data-integration and workflow product.

CURRENT LEAD

Priya Raman

STATUS

Mature commercial platform

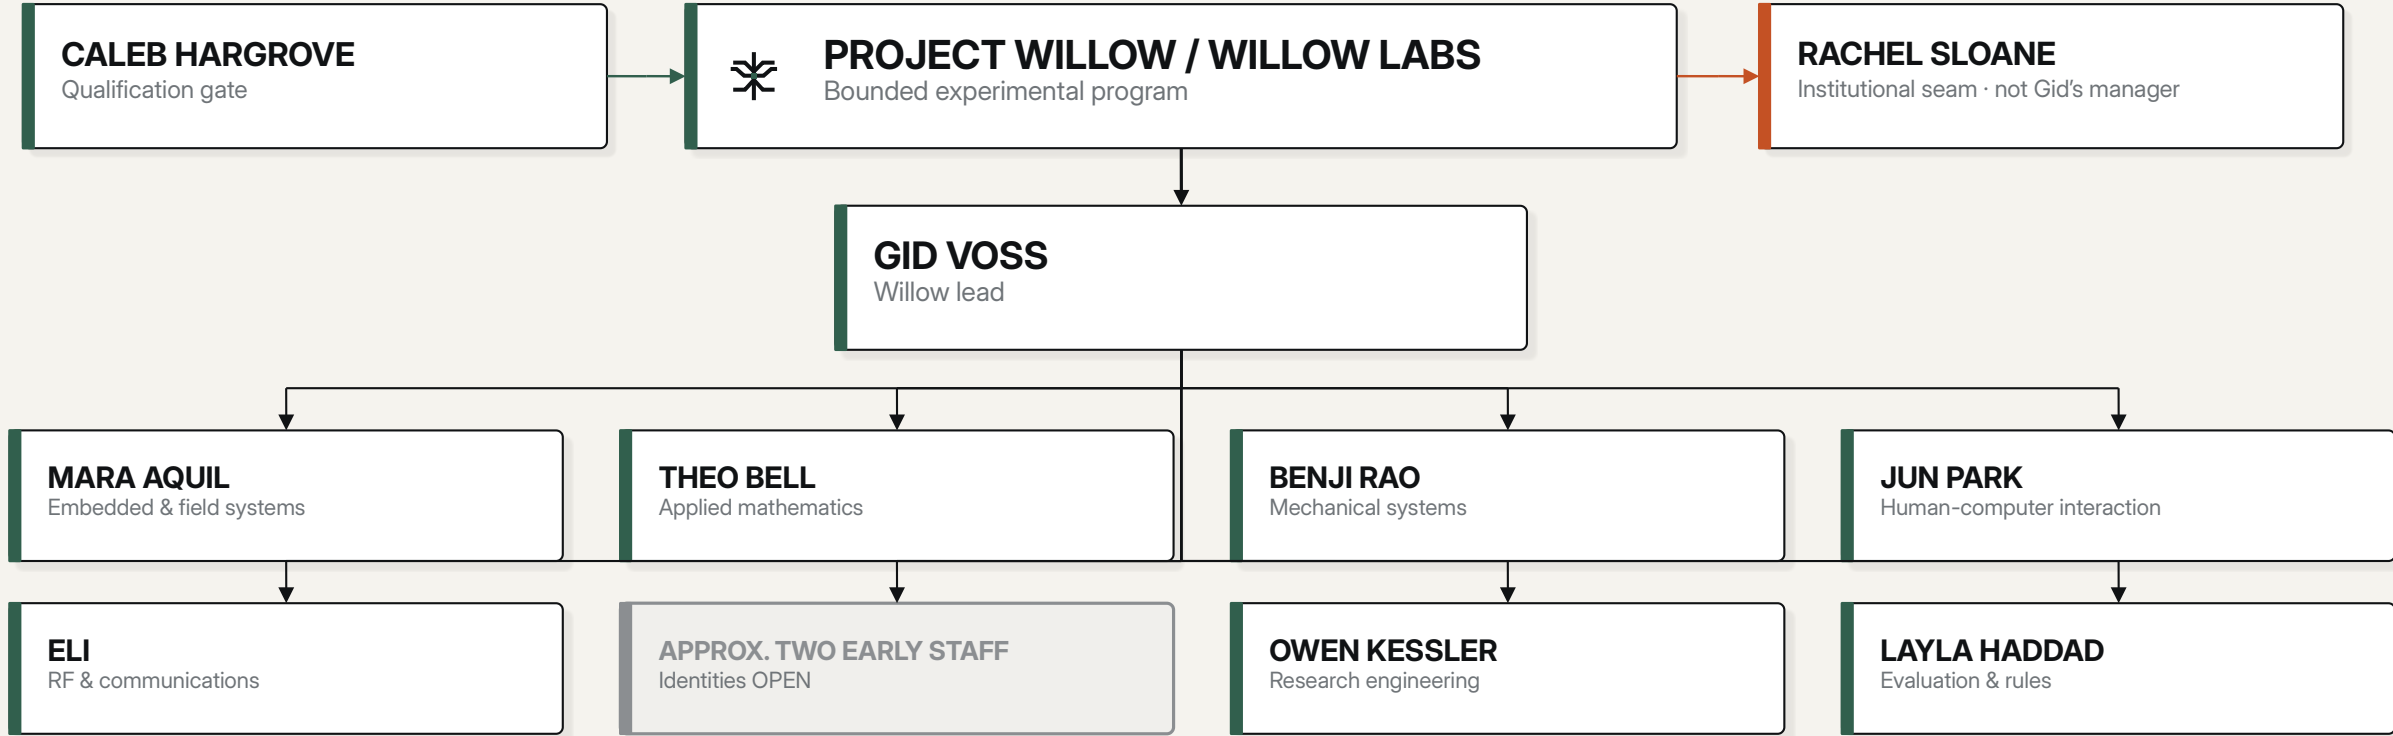

OPERATIONAL APPLICATION FAMILIES

Boundary preserved: Foundry is the reusable substrate; Foundry Field is the deployable customer-facing product and service configuration.

HQ / OPERATING CENTER	BUSINESS	CURRENT LEAD	STATUS
Pittsburgh, Pennsylvania Institutional seam: Sacramento	Bounded industrial laboratory pursuing consequential questions no existing product, delivery team, or operating unit can own.	Gid Voss	Active laboratory

Operating boundary: no Willow experiment enters production without an operating owner and qualification gate. Pittsburgh holds experimental authority; Sacramento provides institutional accountability.

HQ / OPERATING CENTER

Sacramento, California
Bridge-program home

BUSINESS

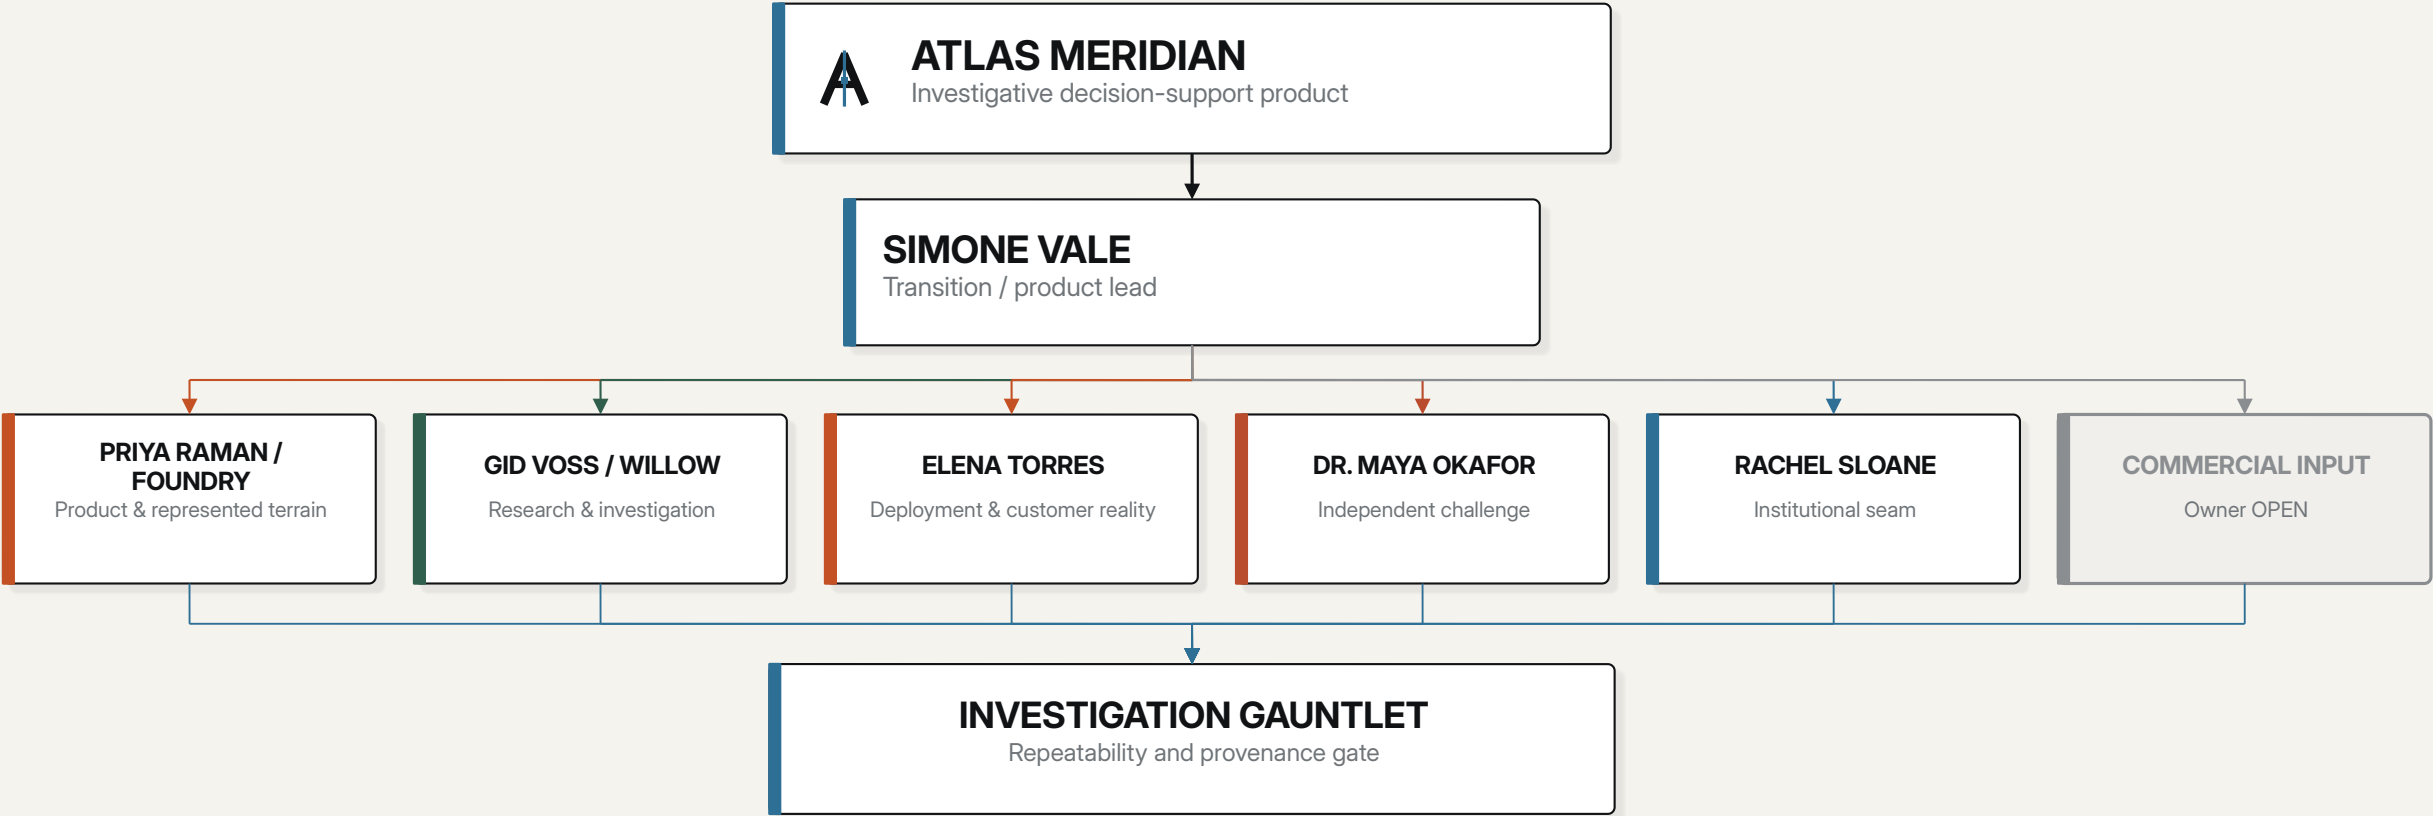

Disciplined investigative decision-support system operating across represented industrial evidence.

CURRENT LEAD

Simone Vale

STATUS

Controlled 2026 product bridge

Product boundary: Atlas Meridian investigates and supports decisions; it does not autonomously own acquisition, capital, or operating decisions.

HQ / OPERATING CENTER

Red Wash Mine, Wyoming
Operating center; legal HQ OPEN

BUSINESS

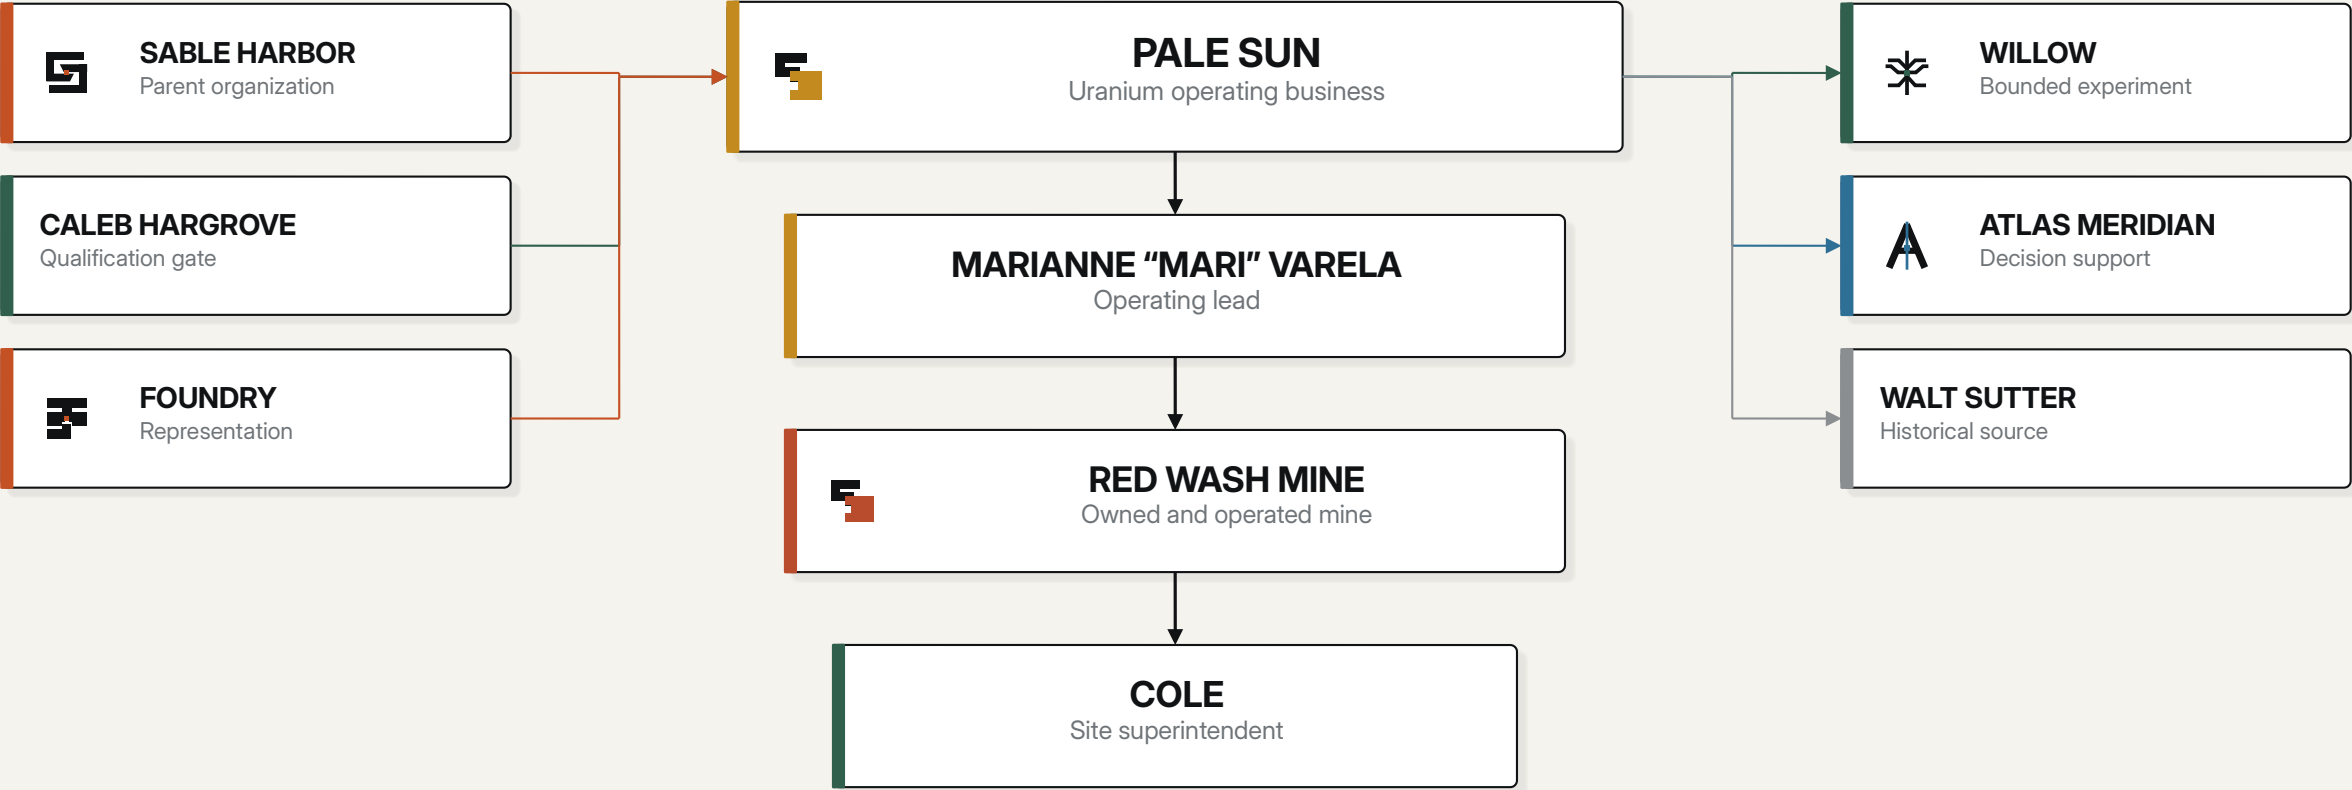

Uranium operating business centered on ownership and operation of the Red Wash Mine.

CURRENT LEAD

Marianne "Mari" Varela

STATUS

Active operating venture

Operating rule: "Pale Sun first. Proving ground second." Experiments and product work enter Red Wash only through qualification and operating ownership.

HQ / OPERATING CENTER

OPEN
Host-site dependent

BUSINESS

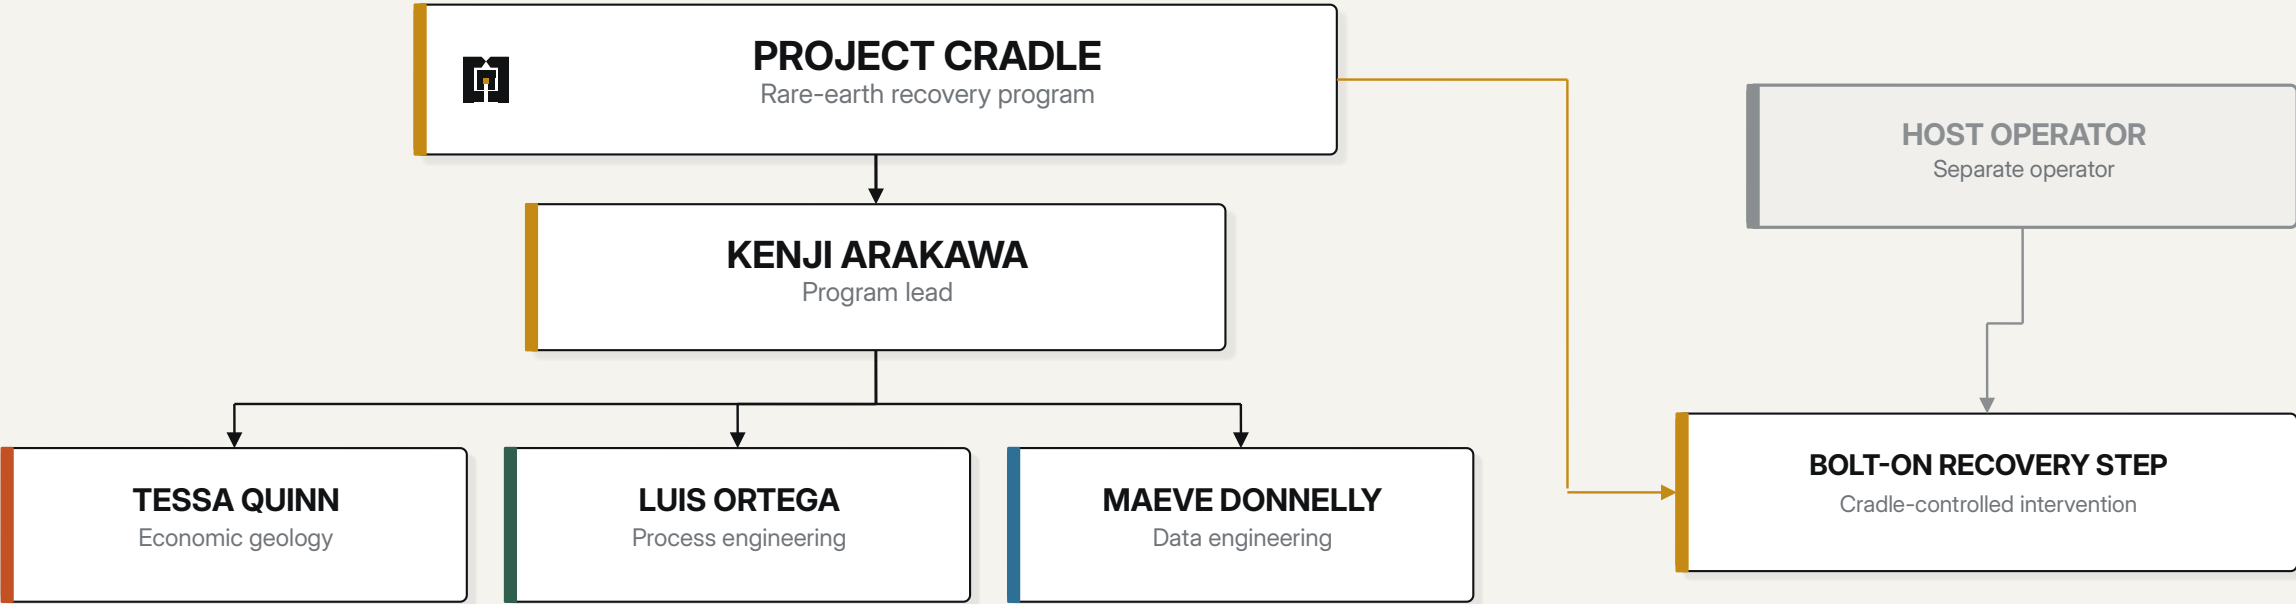

Rare-earth recovery venture capturing value from streams existing mines and plants already create.

CURRENT LEAD

Kenji Arakawa

STATUS

Active venture

Business boundary: Cradle generally avoids owning the host mine. The objective is the smallest recovery intervention that creates value without breaking the host system.

HQ / OPERATING CENTER

OPEN
Legacy logistics network

BUSINESS

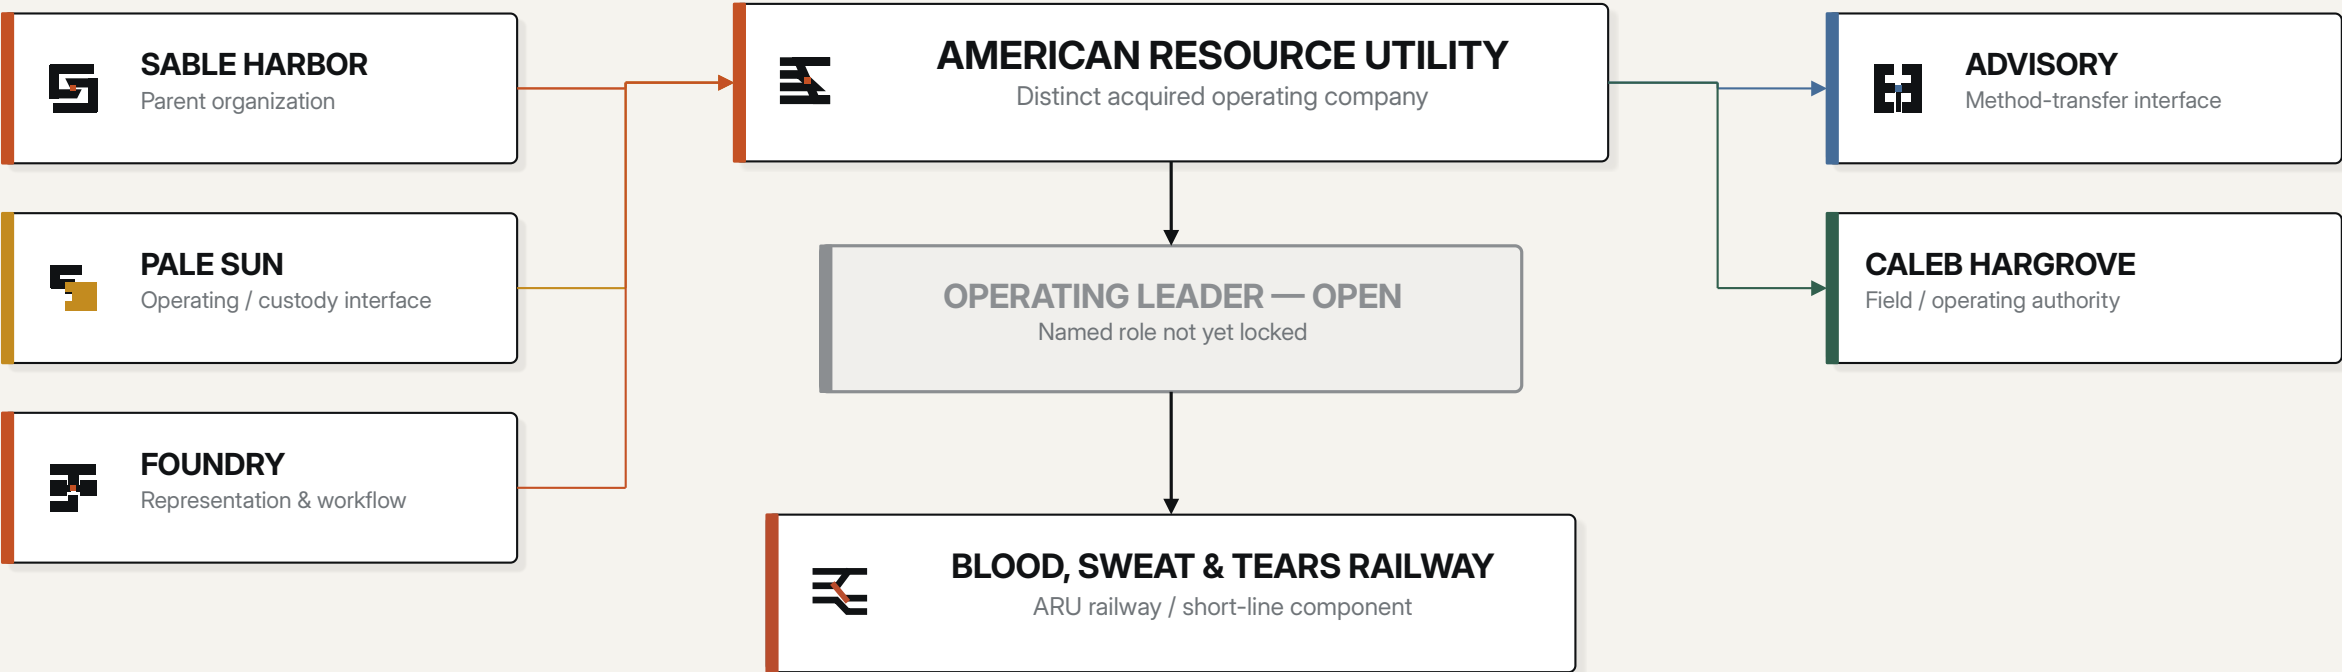

Acquired resource-logistics operator with legacy customers, dispatch practices, terminals, equipment, and operating knowledge.

CURRENT LEAD

OPEN

STATUS

Active · integration continuing

Integration rule: ARU remains operationally distinct while Sable Harbor learns the legacy system. Exact routes, assets, workforce, headquarters, and final integration structure remain OPEN.

HQ / OPERATING CENTER

OPEN
Organizational home not locked

BUSINESS

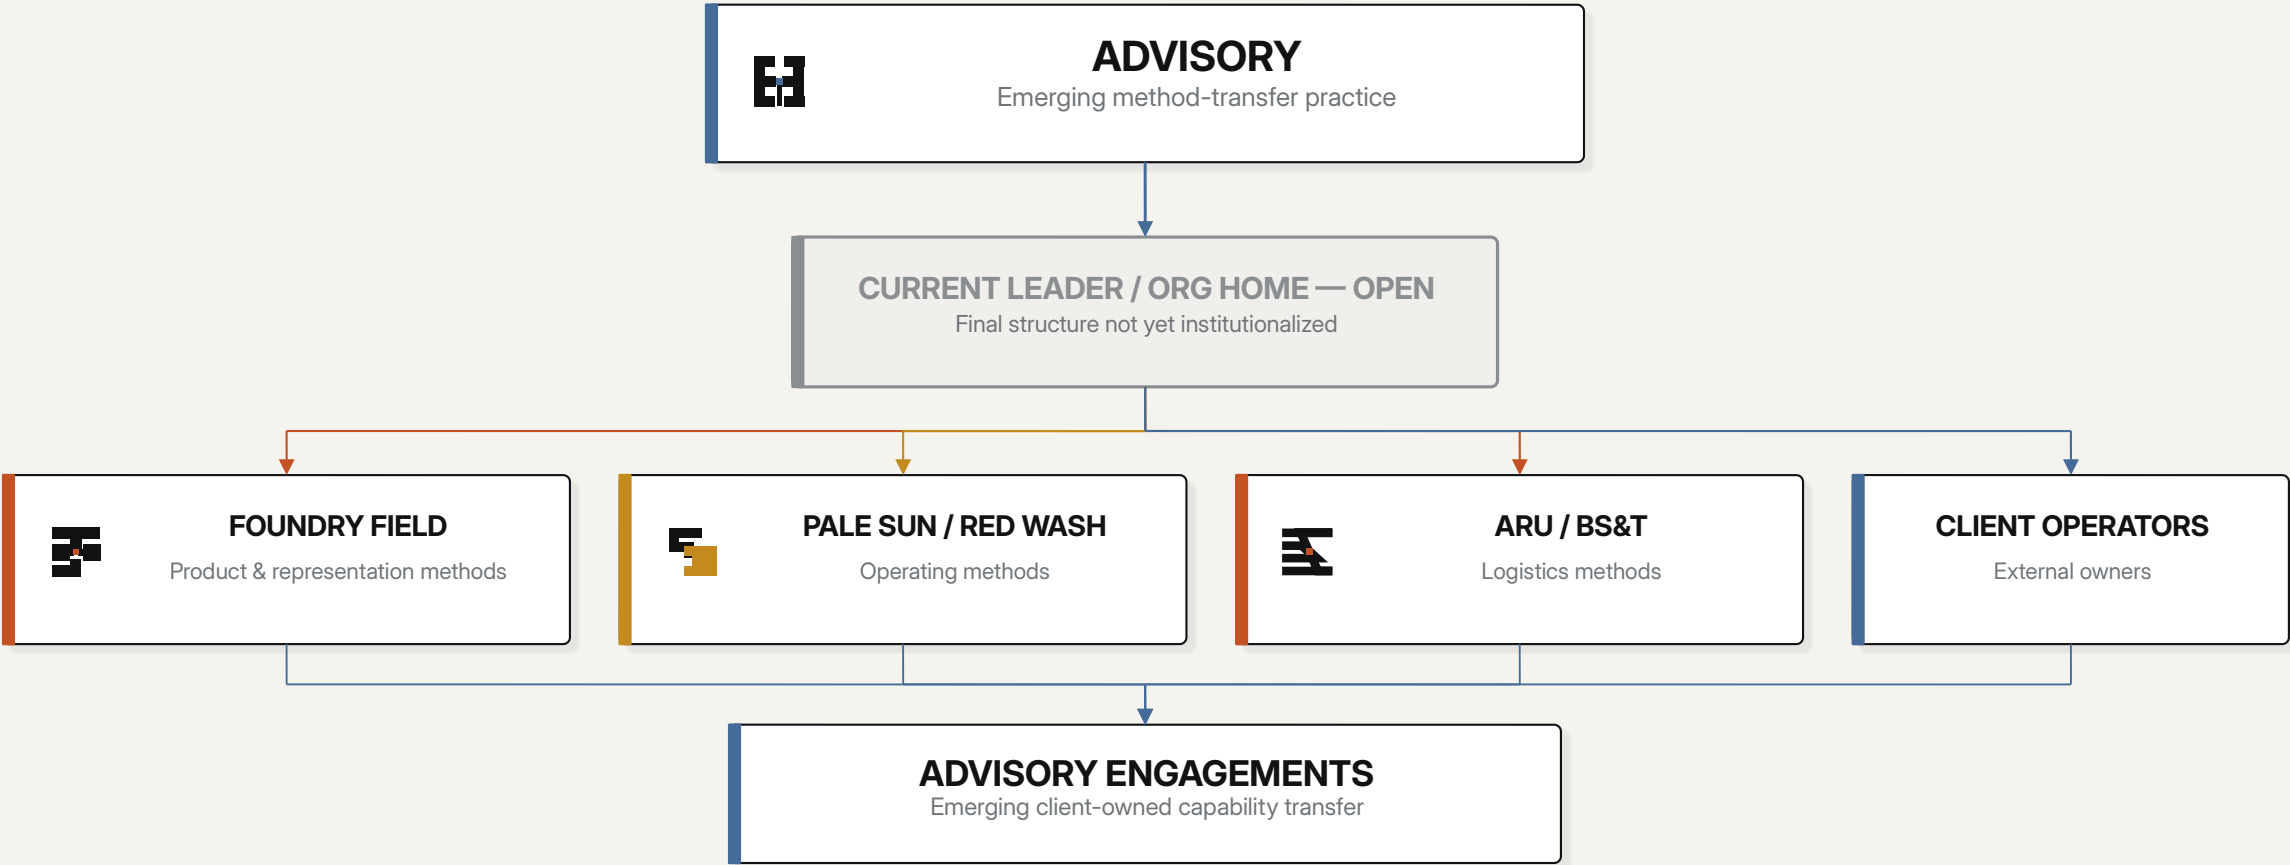

Operator-facing practice that transfers Sable Harbor's operating and analytical method into systems the client can own.

CURRENT LEAD

OPEN

STATUS

Emerging

As of August 31, 2026, the exact practice name, leader, P&L, pricing, service catalog, and organizational home remain OPEN. The direction—method transfer rather than generic consulting—is locked.
