

The Fort · Willow research compound · master plan

Concept spatial program; current geographic context remains separately sourced

PROPOSED MODELLED PROGRAM

SITE BASIS

Illustrative local metric frame; x east/y north. Area selects a midpoint within accepted acreage range; no parcel, coordinate transform, acquisition or current building configuration claimed.

PROGRAM

Known operating functions; schematic fit-out only.

OWNERSHIP AND TIME

UNESTABLISHED. Exact occupancy and construction dates remain unestablished.

DEPENDENCIES

Local geometry does not relocate industrial anchors or create installed process equipment, transport rights or host ownership.

CAPACITY

People and seats are separate measures. See population bridge and source assumptions.

ACCESS LEGEND

- Service / emergency
- Public arrival
- Pedestrian
- Controlled entry
